Re: FPPC Case No. 16/263; Nancy McFadden

Dear Ms. Tucker:

This letter is to notify you that the Enforcement Division of the Fair Political Practices Commission has initiated an investigation into the apparent failure of Ms. McFadden to disclose required information about the status of her stock ownership in Pacific Gas and Electric on her Statements of Economic Interests filed for her position as the Governor's Executive Secretary. However, because there was insufficient evidence in your complaint regarding possible conflict of interest, we will not pursue an investigation into those allegations.

Thank you for taking the time to bring this matter to our attention.

Sincerely,

A handwritten signature in blue ink, appearing to read "Galena West".

Galena West
Chief, Enforcement Division
